Marks limited to colours

Where it is indicated in the application, for registration of the mark to be limited to certain colours, such colours are not published, but the claims are mentioned.

Application Details

The number of the application is indicated before the date of filing, followed by the particulars of the applicant. The address for service in case of a foreign applicant is also given. The conditions/limitations subject to which the mark is accepted are also indicated. Since the registry follows the multiclass application system, the relevant goods/services and classes are shown together.

Opposition

Notice is hereby given that any person interested may, within three months from the date of this publication, give to the Registrar notice of opposition to the registration of the mark, on Form 10 along with the prescribed fee.

2. NEW NOTICES

The registry would like to notify our client to follow the 13th Edition of the NICE Classification of Goods and services in classifying the goods & services owing to changes and additional classes being included in this edition.

To assist the Registrar in expediting the acceptance of trademark application for registration, agents and clients are reminded to ensure that the specification of goods & services set out in the application forms conform with the International Classification of Goods & Services (11th edition of the nice classification) as stated above.

Following INID Codes are used in the Journals

INID is an acronym for Internationally agreed Numbers for Identification of bibliographic Data

- (210)- Serial number of applications
- (220)- Date of filing of application
- (310) (320) (330)- Priority
- (511) – NICE classification for goods and services
- (526) – Disclaimer
- (540) - Reproduction of marks
- (571) – Description of mark
- (731) – Name and address of the applicant
- (750) – Address for correspondence or agent

***Note:** The Registry does not guarantee the accuracy of its publication or undertakes any responsibility for errors and omissions or their consequences.*

Class 7: Industrial robots; construction machines and apparatus; loading-unloading machines and apparatus; earth moving machines; belt conveyors; robotic mechanisms (machines) for loading; printing or bookbinding machines and apparatus; printing presses; industrial inkjet printing machines; industrial printing machines; packaging or wrapping machines and apparatus; sealing machines; packaging machines; labellers (machines); plastic processing machines; machines for processing plastics.

Class 9: Game programs for arcade video game machines; head-mounted displays; virtual reality headsets; virtual reality game software; prerecorded magnetic data carriers; vehicle drive training simulators; sports training simulators; laboratory apparatus and instruments; incubators for bacteria culture; humanoid robots with artificial intelligence for use in scientific research; telecommunication machines and apparatus; IC recorders; teaching apparatus; teletypewriters; teleprinters;

personal digital assistants; security tokens (encryption devices); smartphones; digital signs; magnetic tapes; smartglasses; computer programs; software as a medical device (SaMD), downloadable; computer software, recorded; computer software applications, downloadable; computer operating programs, recorded; computer programs, downloadable; computer software platforms, recorded or downloadable; encoded magnetic cards; electronic book readers; electronic tags for goods; smart cards (integrated circuit cards); chips (integrated circuits); magnetic tape units for computers; scanners (data processing equipment); biometric identity cards; computer software; computer programs for data processing; downloadable cloud computing software; apparatus for processing, transmitting and storing database information; computer software for database management; card readers; magnetically encoded cards for carrying data; blank magnetic computer tapes; chip card readers; ink-jet printers; color laser printers; virtual reality software; document printers for computers; laser document printers; colour document printers; labels carrying electronically recorded or encoded information; electronic tags and IC chips for electronic passport; e-passports; card writers; IC card readers; IC card writers; magnetic coded card writers; computer programs for electronic authentication; electronic face recognition apparatus; consumer video game programs; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; compact discs (read-only memory); metronomes; electric and electronic effects units for musical instruments; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; phonograph records; downloadable music files; downloadable image files; recorded video discs and video tapes; downloadable music, image, movie and voice files authenticated by non-fungible tokens (NFTs); electronic publications; electronic publications, downloadable; telepresence robots; user-programmable humanoid robots, not configured; teaching robots; printers for use with computers; dye-sublimation printers; exposed cinematographic films; slide film, exposed; slide film mounts; holograms; holograms (laser pictures).

Class 11: Freezing machines and apparatus for industrial purposes; refrigerating appliances and installations; refrigerating containers; coils (parts of distilling, heating or cooling installations); refrigerators; cooling apparatus; cooling installations; electric lamps and other lighting apparatus; LED luminaires; ice-cooling refrigerators for household purposes.

Class 16: Pastes and other adhesives for stationery or household purposes; office requisites, except furniture; sealing wax; sealing compounds for stationery purposes; printers' reglets; printing type; print letters; addressing machines; sealing machines for

offices; drawing instruments; postage meters for office use; stamp cancelling machines; rotary duplicators; electric staplers for offices; relief duplicators; typewriters; ink ribbons; automatic stamp affixing machines; checkwriters; mimeographs; paper shredders for office use; typewriters, electric or non-electric; mimeograph apparatus and machines; label printers being addressing machines; laminating machines for home and office use; paper and cardboard; paper sheets [stationery]; printing paper; paper for printing photographs; plastic transfer papers; stationery; covers [stationery]; label paper; bookbinding materials; hologram stickers; printed matter; calendars; printed booklets; passport booklets (printed matter); signboards of paper or cardboard; inking ribbons; ink ribbons for hologram printing; ink ribbons for transferring hologram; converted paper processed by hologram; converted paper in sheet form with hologram formed on the surface; paper with hologram formed on the surface; seals processed by hologram; seals processed by hologram on the surface; hologram seals; shipping tags; baggage claim check tags of paper; trading cards, other than for games; printed paper for lot, other than toy.

Class 17: Plastic semi-worked products; semi-processed plastics; semi-processed plastic films, other than for wrapping; dry coated plastic films, other than for wrapping; plastic films with microscopic surface bumps, other than for wrapping; plastic film, other than for wrapping; plastic sheet materials for use in manufacture; plastic films and sheets; plastic films and sheets with hologram formed on the surface.

Class 21: Non-electric ice chests for household purposes; vacuum bottles; kitchen containers for rice; water bottles; food preserving jars of glass; refrigerating bottles; insulated containers for food or beverages, for household use; cold packs for chilling food and beverages; reusable ice cubes; cold packs used to keep the contents cold (not for personal use); cold packs used to keep pharmaceutical preparations cold (not for personal use).

Class 28: Toys; dolls; trading cards for games; dice; cups for dice; chess games; conjuring apparatus; dominoes; playing cards; mah-jong; go board games; shogi games (Japanese chess); uta-garuta (Japanese playing cards); Japanese dice games (sugoroku); Chinese checkers games; hanafuda (Japanese playing cards); checkers games; draughts (games); fishing tackle.

Class 35: Advertising and publicity services; advertising; direct mail advertising; administration of consumer loyalty programs; sales promotion for others; sales prospecting for others; arranging and conducting of commercial events; providing user reviews for commercial or advertising purposes; information services relating to advertising; internet advertising services; promotion,

advertising and marketing of on-line web sites; rental of advertising space on-line; search engine optimization; distribution and dissemination of advertising matter; advertising consulting; arranging and conducting of commercial events using virtual spaces on computer networks; rental of advertising space using virtual spaces on computer networks; business management analysis or business consultancy; administrative services relating to credit card registration; marketing research or analysis; business management; providing information concerning commercial sales; consumer profiling for commercial or marketing purposes; providing user ratings for commercial or advertising purposes; business management of hotels; analysis of market study data and statistics; provision of market research information; interviewing for market research purposes; providing operational business assistance to enterprises; shorthand secretarial services; transcription; transcription of communications [office functions]; compilation of direct mailing lists; business administration of mail dispatching; copying of documents; photocopying services; office functions, namely filing, in particular documents or magnetic tapes; computerized file management; database management; mail sorting, handling and receiving [office functions]; compilation of information into computer databases; keypunching [office functions]; management and compilation of computerised databases; reception services for visitors in buildings (office functions); reception services for visitors (office functions); rental of publicity and marketing materials; providing commercial information and advice for consumers in the choice of products and services; providing commercial information and advice for consumers in the choice of products and services using virtual spaces on computer networks; retail services or wholesale services for clothing; retail services or wholesale services for footwear, other than special footwear for sports; retail services or wholesale services for bags and pouches; retail services or wholesale services for personal articles; retail services or wholesale services for food and beverages; retail services or wholesale services for automobiles; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for furniture; retail services or wholesale services for joinery fittings; retail services or wholesale services for electrical machinery and apparatus; retail services or wholesale services for kitchen equipment, cleaning tools and washing utensils; retail services for cookware; retail services or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; retail services or wholesale services for printed matter; retail services or wholesale services for paper and stationery; retail services or wholesale services for sports goods; retail services or wholesale services for

toys, dolls, game machines and apparatus; retail services or wholesale services for musical instruments and records; wholesale services for downloadable music files; retail services or wholesale services for photographic machines and apparatus and photographic supplies; retail services for audiovisual equipment; retail services or wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; wholesale services for horological instruments; retail services or wholesale services for pets; retail services or wholesale services for clothing using virtual spaces on computer networks; retail services or wholesale services for footwear (other than special footwear for sports) using virtual spaces on computer networks; retail services or wholesale services for bags and pouches using virtual spaces on computer networks; retail services or wholesale services for personal articles using virtual spaces on computer networks; retail services or wholesale services for food and beverages using virtual spaces on computer networks; retail services or wholesale services for automobiles using virtual spaces on computer networks; retail services or wholesale services for two-wheeled motor vehicles using virtual spaces on computer networks; retail services or wholesale services for bicycles using virtual spaces on computer networks; retail services or wholesale services for furniture using virtual spaces on computer networks; retail services or wholesale services for joinery fittings using virtual spaces on computer networks; retail services or wholesale services for electrical machinery and apparatus using virtual spaces on computer networks; retail services or wholesale services for kitchen equipment, cleaning tools and washing utensils using virtual spaces on computer networks; retail services for cookware using virtual spaces on computer networks; retail services or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies using virtual spaces on computer networks; retail services or wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents using virtual spaces on computer networks; retail services or wholesale services for printed matter using virtual spaces on computer networks; retail services or wholesale services for paper and stationery using virtual spaces on computer networks; retail services or wholesale services for sports goods using virtual spaces on computer networks; retail services or wholesale services for toys, dolls, game machines and apparatus using virtual spaces on computer networks; retail services or wholesale services for musical instruments and records using virtual spaces on computer networks; wholesale services for downloadable music files using virtual spaces on computer networks; retail services or wholesale services for photographic machines and apparatus and photographic supplies using virtual spaces on computer networks; retail services for audiovisual equipment using virtual spaces on computer networks; retail services or wholesale services for clocks, watches and spectacles (eyeglasses

and goggles) using virtual spaces on computer networks; wholesale services for horological instruments using virtual spaces on computer networks; retail services or wholesale services for pets using virtual spaces on computer networks; retail services or wholesale services for downloadable computer programs to represent clothing in virtual environments; retail services or wholesale services for downloadable computer programs to represent footwear (other than special footwear for sports) in virtual environments; retail services or wholesale services for downloadable computer programs to represent bags and pouches in virtual environments; retail services or wholesale services for downloadable computer programs to represent personal articles in virtual environments; retail services or wholesale services for downloadable computer programs to represent food and beverages in virtual environments; retail services or wholesale services for downloadable computer programs to represent automobiles in virtual environments; retail services or wholesale services for downloadable computer programs to represent two-wheeled motor vehicles in virtual environments; retail services or wholesale services for downloadable computer programs to represent bicycles in virtual environments; retail services or wholesale services for downloadable computer programs to represent furniture in virtual environments; retail services or wholesale services for downloadable computer programs to represent joinery fittings in virtual environments; retail services or wholesale services for downloadable computer programs to represent electrical machinery and apparatus in virtual environments; retail services or wholesale services for downloadable computer programs to represent kitchen equipment, cleaning tools and washing utensils in virtual environments; retail services for downloadable computer programs to represent cookware in virtual environments; retail services or wholesale services for downloadable computer programs to represent pharmaceutical, veterinary and sanitary preparations and medical supplies in virtual environments; retail services or wholesale services for downloadable computer programs to represent cosmetics, toiletries, dentifrices, soaps and detergents in virtual environments; retail services or wholesale services for downloadable computer programs to represent printed matter in virtual environments; retail services or wholesale services for downloadable computer programs to represent paper and stationery in virtual environments; retail services or wholesale services for downloadable computer programs to represent sports goods in virtual environments; retail services or wholesale services for downloadable computer programs to represent toys, dolls, game machines and apparatus in virtual environments; retail services or wholesale services for downloadable computer programs to represent musical instruments and records in virtual environments; wholesale services for downloadable computer

programs to represent downloadable music files in virtual environments; retail services or wholesale services for downloadable computer programs to represent photographic machines and apparatus and photographic supplies in virtual environments; retail services for downloadable computer programs to represent audiovisual equipment in virtual environments; retail services or wholesale services for downloadable computer programs to represent clocks, watches and spectacles (eyeglasses and goggles) in virtual environments; wholesale services for downloadable computer programs to represent horological instruments in virtual environments; retail services or wholesale services for downloadable computer programs to represent pets in virtual environments; retail services or wholesale services for downloadable image files to represent clothing in virtual environments; retail services or wholesale services for downloadable image files to represent footwear (other than special footwear for sports) in virtual environments; retail services or wholesale services for downloadable image files to represent bags and pouches in virtual environments; retail services or wholesale services for downloadable image files to represent personal articles in virtual environments; retail services or wholesale services for downloadable image files to represent food and beverages in virtual environments; retail services or wholesale services for downloadable image files to represent automobiles in virtual environments; retail services or wholesale services for downloadable image files to represent two-wheeled motor vehicles in virtual environments; retail services or wholesale services for downloadable image files to represent bicycles in virtual environments; retail services or wholesale services for downloadable image files to represent furniture in virtual environments; retail services or wholesale services for downloadable image files to represent joinery fittings in virtual environments; retail services or wholesale services for downloadable image files to represent electrical machinery and apparatus in virtual environments; retail services or wholesale services for downloadable image files to represent kitchen equipment, cleaning tools and washing utensils in virtual environments; retail services for downloadable image files to represent cookware in virtual environments; retail services or wholesale services for downloadable image files to represent pharmaceutical, veterinary and sanitary preparations and medical supplies in virtual environments; retail services or wholesale services for downloadable image files to represent cosmetics, toiletries, dentifrices, soaps and detergents in virtual environments; retail services or wholesale services for downloadable image files to represent printed matter in virtual environments; retail services or wholesale services for downloadable image files to represent paper and stationery in virtual environments; retail services or wholesale services for downloadable image files to represent sports goods in virtual

environments; retail services or wholesale services for downloadable image files to represent toys, dolls, game machines and apparatus in virtual environments; retail services or wholesale services for downloadable image files to represent musical instruments and records in virtual environments; wholesale services for downloadable image files to represent downloadable music files in virtual environments; retail services or wholesale services for downloadable image files to represent photographic machines and apparatus and photographic supplies in virtual environments; retail services for downloadable image files to represent audiovisual equipment in virtual environments; retail services or wholesale services for downloadable image files to represent clocks, watches and spectacles (eyeglasses and goggles) in virtual environments; wholesale services for downloadable image files to represent horological instruments in virtual environments; retail services or wholesale services for downloadable image files to represent pets in virtual environments.

Class 39: Rental of freezers for household use; rental of refrigerator-freezers for household use; providing information relating to the rental of refrigerators; travel tour conducting; travel tour guide services; arranging for travel visas, passports and travel documents for persons travelling abroad; travel arrangement and reservation services, excluding those for lodging; rental of freezing machines and apparatus for industrial purposes; refrigerator rental; rental of freezing machines and apparatus; providing information relating to the rental of freezing machines and apparatus; rental of refrigerators for commercial use; providing information relating to the rental of freezers for commercial use.

Class 40: Metalworking; refining services; metal treating; sandblasting services; processing of plastics; processing of magnetic cards; processing of rubber; paper treating; laminating; custom manufacture of paper and paper products; 3D printing; business form treating in the nature of cutting, separating, crimping or folding of business forms; photographic printing; processing of cinematographic films; photographic film development; photographic enlarging; printing of digitally stored pictures and photographs; bookbinding; photogravure; providing information relating to photogravure services; printing; providing information relating to printing services; digital printing; hologram printing; hologram transfer printing; application of hologram; application of hologram to identification cards, videos, electronic devices and medicines.

Class 41: Educational and instruction services relating to arts, crafts, sports or general knowledge; know-how transfer (training); information relating to education and entertainment;

training and further training for personnel, team and organizational development; arranging, conducting and organization of seminars; organization of competitions (education or entertainment); organization of exhibitions for cultural or educational purposes; organization and presentation of shows, competitions, games, concerts and entertainment events; providing electronic publications; reference libraries of literature and documentary records; book rental; providing online electronic publications, not downloadable; presentation of works of visual art and literature to the public for cultural or educational purposes; art exhibitions; publishing services; layout services, other than for advertising purposes; arranging and planning of movies, shows, plays or musical performances; providing information relating to recreational activities; arranging of film events, musical events, cultural and sporting events and live entertainment events; providing videos from the internet, not downloadable; movie theatre presentations or movie film production and distribution; providing online videos, not downloadable; art exhibitions using virtual reality; direction or presentation of plays; providing digital music from the Internet, not downloadable; presentation of live show performances; presentation of musical performances; providing online music, not downloadable; organization, arranging and conducting of sports competitions; arranging and conducting of sports events; organization of entertainment events excluding movies, shows, plays, musical performances, sports, horse races, bicycle races, boat races and auto races; providing online virtual guided tours; arranging and conducting of entertainment events; providing audio or video studio services; providing sports facilities; providing amusement facilities; providing recreation facilities; providing facilities for movies, shows, plays, music or educational training; providing facilities for educational purposes; booking of seats for shows; entertainment ticket agency services; photography; language interpretation; translation; educational and instruction services relating to arts, crafts, sports or general knowledge using virtual spaces on computer networks; know-how transfer (training) using virtual spaces on computer networks; information relating to education and entertainment using virtual spaces on computer networks; training and further training for personnel, team and organizational development using virtual spaces on computer networks; arranging, conducting and organization of seminars using virtual spaces on computer networks; arranging and conducting of seminars using virtual spaces on computer networks; organization of competitions (education or entertainment) using virtual spaces on computer networks; organization of exhibitions for cultural or educational purposes using virtual spaces on computer networks; organization and presentation of shows, competitions, games, concerts and entertainment events using virtual spaces on computer networks; providing electronic publications using

virtual spaces on computer networks; reference libraries of literature and documentary records using virtual spaces on computer networks; book rental using virtual spaces on computer networks; providing online electronic publications, not downloadable using virtual spaces on computer networks; presentation of works of visual art and literature to the public for cultural or educational purposes using virtual spaces on computer networks; art exhibitions using virtual spaces on computer networks; arranging and planning of movies, shows, plays or musical performances using virtual spaces on computer networks; providing information relating to recreational activities using virtual spaces on computer networks; arranging of film events, musical events, cultural and sporting events and live entertainment events using virtual spaces on computer networks; providing videos, not downloadable using virtual spaces on computer networks; movie theatre presentations or movie film production and distribution using virtual spaces on computer networks; providing online videos, not downloadable using virtual spaces on computer networks; direction or presentation of plays using virtual spaces on computer networks; providing music using virtual spaces on computer networks; presentation of live show performances using virtual spaces on computer networks; presentation of musical performances using virtual spaces on computer networks; providing online music, not downloadable using virtual spaces on computer networks; organization, arranging and conducting of sports competitions using virtual spaces on computer networks; arranging and conducting of sports events using virtual spaces on computer networks; organization of entertainment events using virtual spaces on computer networks (excluding movies, shows, plays, musical performances, sports, horse races, bicycle races, boat races and auto races); providing online virtual guided tours using virtual spaces on computer networks; arranging and conducting of entertainment events using virtual spaces on computer networks; providing audio or video studio services using virtual spaces on computer networks; providing sports facilities using virtual spaces on computer networks; providing amusement facilities using virtual spaces on computer networks; providing recreation facilities using virtual spaces on computer networks; providing facilities for movies, shows, plays, music or educational training using virtual spaces on computer networks; providing facilities for educational purposes using virtual spaces on computer networks; booking of seats for shows using virtual spaces on computer networks; entertainment ticket agency services using virtual spaces on computer networks; photography using virtual spaces on computer networks.

Class 42: Design services; packaging design; industrial design; graphic arts design; new product design; design services relating to printed matter; graphic design of advertising materials;

computer programming; information technology (IT) support services (troubleshooting of software); artificial intelligence consultancy; computer system design; development of computer platforms; recovery of computer data; data security consultancy; providing search engines for the internet; providing computer programs on data networks; rental of computers; rental of web servers; rental of computer software; platform as a service (PaaS); software as a service (SaaS); providing virtual computer systems through cloud computing; server hosting; electronic data storage; providing temporary use of online non-downloadable software; providing temporary use of online non-downloadable software for use in publishing and printing; design of software for use with printing machines; designing of machines, apparatus, instruments (including their parts) or systems composed of such machines, apparatus and instruments; technological consultancy services for digital transformation; technological advice relating to computers, automobiles and industrial machines; technical advice relating to computer hardware, peripherals and software.

Class 7: Agricultural machines; lawnmowers [machines]; aerating pumps for aquaria; forage cutters; milking machines; hair shearing machines for animals; woodworking machines; saws [machines]; paperboard making machines; printing machines; electromechanical food preparation machines; tobacco processing machines; stitching machines; bicycle assembling machines; engraving machines; machines for making electric batteries; packaging machines; electric kitchen machines; washing machines [laundry]; centrifugal mills; glue applying machines; cutters [machines]; oil-well pumps specially for petroleum; mixing machines; disintegrators; cranes [lifting and hoisting apparatus]; pneumatic hammers; trimming machines; foundry machines; metalworking machines; igniting devices for internal combustion engines; stands for machines; cutting machines; machines for making wires and cables; tools [parts of machines]; machines and apparatus for polishing [electric]; drilling heads [parts of machines]; hand-held tools, other than hand-operated; angle grinders; paint spraying machines; dynamos; motors, other than for land vehicles; pumps [machines]; valves [parts of machines]; compressed air machines; pneumatic cylinder (part of machines); propulsion mechanisms,

other than for land vehicles; bearings [parts of machines]; belts for machines; electric welding machines; electric machines and apparatus for cleaning; high pressure washers; vacuum cleaners; filter presses; electric door rollers; electric shoe polishers; electric door openers; scissors, electric; electric hand-held drills, other than electric coal drills; pneumatic nail guns; spray guns for paint; door closers, electric; window openers, electric; window closers, electric; steam mops; vacuum cleaner attachments for disseminating perfumes and disinfectants; cleaning appliances utilizing steam; machines and apparatus for carpet shampooing, electric; brushes for vacuum cleaners; meat choppers [machines]; jacks [machines]; hand-held pneumatic tools; butter machines; bread cutting machines; kneading machines; flour mill machines; electric fruit squeezers; beverage preparation machines, electromechanical; dry-cleaning machines; steamrollers; industrial robots; whisks, electric, for household purposes; mills for household purposes, other than hand-operated; coffee grinders, other than hand-operated.

Class 8: Abrading instruments [hand instruments]; hand-operated agricultural implements; hand-operated garden tools; handles for hand-operated hand tools; hand-operated hand tools; instruments and tools for skinning animals; harpoons; manicure sets; bits [parts of hand tools]; perforating tools [hand tools]; riveters [hand tools]; hand-operated lifting jacks; hand-operated guns for the extrusion of mastics; graving tools [hand tools]; masons' trowels; secateurs; sabres; table cutlery [knives, forks and spoons]; beard clippers; hand implements for hair curling; clothes irons.

Class 9: Computer programs [downloadable software]; counters; counterfeit coin detectors; ticket dispensing terminals, electronic; voting machines; face identification apparatus; weighing apparatus and instruments; measuring apparatus; electronic notice boards; electronic video surveillance apparatus; cameras [photography]; surveying apparatus and instruments; levels [instruments for determining the horizontal]; speed checking apparatus for vehicles; pressure measuring apparatus; electric measuring devices; lasers, not for medical purposes; optical apparatus and instruments; materials for electricity mains [wires, cables]; semi-conductors; electronic chip cards; condensers [capacitors]; electric switches; electric couplings; electric plugs; control panels [electricity]; covers for electric outlets; video screens; remote control apparatus; optical fibers [light conducting filaments]; heat regulating apparatus; lightning rods; electrolysis apparatus for laboratory use; fire extinguishing apparatus; protection devices for personal use against accidents; clothing for protection against accidents, irradiation and fire; protective face shields for workers; gloves for protection against accidents; kneepads for workers; electric theft prevention installations; electric locks; eyeglasses; electric batteries; chargers for electric

batteries; safety boots for industrial use; electric sockets; electric contacts; ear plugs for divers; biometric fingerprint door locks; industrial endoscopic cameras; endoscopic cameras for industrial use; rearview cameras for vehicles; sensors; alarms; cabinets for loudspeakers; mobile power supplies, namely rechargeable batteries; tachographs; bathroom scales; radio receivers and transmitters; radio signal tuners; electric door bells; interphones; video phones; video monitor; air analysis apparatus; wireless routers; measures; rulers [measuring instruments]; electronic slide calipers; micrometer gauges; slide calipers; tape measures; radios; smartwatches [data processing apparatus]; smartglasses [data processing apparatus]; downloadable computer software applications for smartphones; television apparatus; thermometers, not for medical purposes; circuit breakers; smoke detectors; electronic access control systems for interlocking doors; gas testing instruments; shoes for protection against accidents, irradiation and fire.

Class 11: Electric lamps; lighting apparatus and installations; fluorescent lighting tube; lights for vehicles; germicidal lamps for purifying air; curling lamps; oil lamps; cooking apparatus and installations; cooling appliances and installations; air purifying apparatus and machines; fans [air-conditioning]; hair driers; electric heating apparatus; fog machines; taps; pipes [parts of sanitary installations]; automatic watering installations; bath installations; sanitary apparatus and installations; water purification installations; electric radiators; gas igniters for ovens; light bulbs; searchlights; electric torches; refrigerating appliances and installations; air-conditioning installations; water purifying apparatus and machines; pocket warmers; air purifier for household purposes; electric water purifier for household purposes; humidifiers for household purposes; electric kettles; extractor hoods for kitchens; gas stoves; heat guns; cocks for pipes and pipelines; disinfectant apparatus; electrically heated clothing; cooking utensils, electric; bread toasters; roasting apparatus; refrigerating cabinets; ice machines and apparatus; air reheaters; air dryers; air sterilizers; gas condensers, other than parts of machines; fabric steamers; fountains; water intake apparatus; water filtering apparatus; gas burners; kitchen ranges [ovens]; autoclaves, electric, for cooking; heaters, electric, for feeding bottles; coffee percolators, electric; deep fryers, electric; microwave ovens [cooking apparatus]; electric appliances for making yogurt; food steamers, electric; heating and cooling apparatus for dispensing hot and cold beverages; air fryers; soya milk making machines, electric; coffee capsules, empty, for electric coffee machines; humidifiers; anti-splash tap nozzles; lamps; baking ovens for household purposes; electric rice cookers; fully automatic electric coffee machines.

Class 35: Advertising; online advertising on a computer network; organization of exhibitions for commercial or advertising

purposes; import-export agency services; sales promotion for others; procurement services for others [purchasing goods and services for other businesses]; office machines and equipment rental; rental of vending machines; rental of sales stands; marketing; provision of an online marketplace for buyers and sellers of goods and services.

(511) Goods/Services:

Class 1: Corrosive preparations; collodion; salts for colouring metal; mould-release preparations; polish removing substances; dehydrating preparations for industrial purposes; renovating preparations for phonograph records; metal hardening preparations; flashlight preparations; emulsifiers; compositions

for threading; limestone hardening substances; lamp black for industrial purposes; mangrove bark for industrial purposes; by-products of the processing of cereals for industrial purposes; toxic gas neutralizers; quebracho for industrial purposes; refrigerants; soot for industrial or agricultural purposes; preparations for stimulating cooking for industrial purposes; preparations of the distillation of wood alcohol; creosote for chemical purposes; compositions for the manufacture of phonograph records; mordants for metals; seawater for industrial purposes; chemical intensifiers for paper; plastics, unprocessed; antimicrobial agents for use in manufacture; biochemical catalysts; spectral photographic plate; alkaline-earth metals; magnetic fluid for industrial purposes; chemical coatings for ophthalmic lenses; thermal paste; dielectric fluids as a chemical preparation for use in metalworking, except oils; waterproof slurry defoamer; fluorescent powder; dispersing agents for use in the manufacture of ink; chemical additives for use in the manufacture of ink; aroma fixative; liquid air; oils for brakes; de-icing fluids; urea solution for automotive exhaust treatment; catalysts; additives, chemical, to motor fuel; purifying agents for engine oil; anti-freezing liquids; paste fillers for automobile body repair; hydraulic brake fluid; chemical preservatives for use in the manufacture of corrosion inhibitors for automobile exhaust systems; brake fluid; automatic transmission fluids; carbon for filters; sulfuric acid for accumulators; alkalis; cobalt oxide for industrial purposes; kieselgur; acetic anhydride; chemical fertilizers; plasticizers; fire retardants; quenching fluids for use in metalworking; soldering fluxes; chemical substances for preserving foodstuffs; leather-renovating chemicals; mastic for tyres; paper pulp; acetates [chemicals]; methane; alcohol for industrial purposes; chemical preparations in the form of aerosols for detecting flaw; pinitol oil being chemicals for use in industrial processes; pinitol oil being chemicals for use in manufacturing processes; ketones; methyl ether; phenol for industrial purposes; hydrazine; aldehydes; esters; protein [raw material]; carbonic hydrates; diastase for industrial purposes; tensio-active agents; hydrogen peroxide for industrial purposes; silica gel; distilled water; radioactive elements for scientific purposes; acidulated water for recharging batteries; size for use in the textile industry; agglutinants for concrete; opacifiers for glass; foundry moulding preparations; emollients for industrial purposes; preparations for preventing the tarnishing of glass; chemicals for the manufacture of paints; rubber preservatives; drilling muds; auxiliary fluids for use with abrasives; separating and unsticking [ungluing] preparations; animal carbon preparations; chemical preservatives; chemicals for the manufacture of pigments; glaziers' putty; acetate of cellulose, unprocessed; chemical condensation preparations; finishing preparations for use in the manufacture of steel; bauxite; condensation-preventing chemicals; viscose; coal saving preparations.

Class 2: Ink for printers and photocopiers; metals in powder form for use in painting, decorating, printing and art; foils of precious metal for use in painting, decorating, printing and art; food colorants; ink for leather; conductive inks; undercoating for vehicle chassis; undersealing for vehicle chassis; tattooing ink; mastic [natural resin]; clear coating protectant for vehicles; clear protective coatings for vehicles; automotive paints; rust inhibiting preparations in the nature of a coating for use on vehicles; spray paint; paint for use in the manufacture of automobiles; anti-corrosion paints; fire-retardant paints; dyestuffs; anti-rust greases; pigments.

Class 3: Perfumery; automobile wax; automobile polishes; automobile polishing wax; polishing powder; fragrances for automobiles; make-up; eau de cologne; room fragrancing preparations; toothpaste; incense; scented wood; deodorants for human beings or for animals; windscreen cleaning liquids; scouring solutions; canned pressurized air for cleaning and dusting purposes; automotive cleaning preparations; rust removing preparations; soap; shampoo; laundry powder.

Class 4: Automotive lubricating oils; anti-skid agents; petrol; gas oil; additives, non-chemical, to motor fuel; ethanol [fuel]; hydrogen fuel; gas for lighting; fuel gas; motor fuel; fuel; candles; perfumed candles; belting wax; electrical energy; dust removing preparations; firelighters; lubricating oil for motor vehicle engines; automotive engine oils; motor oil; non-chemical additives for engine oil; automotive lubricating grease; lubricants.

Class 5: Disinfectants; air purifying preparations; air deodorising preparations; activated carbon air deodorisers; automobile deodorizers; deodorants for textiles; deodorising room sprays; deodorants for upholstery; radioactive substances for medical purposes; chemical preparations to treat mildew; refrigerator deodorants; pharmaceutical preparations; gases for medical purposes; chemical conductors for electrocardiograph electrodes; semen for artificial insemination; contact lens cleaning preparations; nutritive substances for microorganisms; dietetic substances adapted for medical use; powdered milk for babies; animal washes [insecticides]; dietary supplements for animals; herbicides; pesticides; sanitary towels; cotton for medical purposes; alloys of precious metals for dental purposes; diapers for pets.

Class 6: Ducts of metal for ventilating and air conditioning installations; props of metal; steel pipes; clips of metal for cables and pipes; jets of metal; pipes of metal for air-conditioning installations; metal anchorages; steel rails; rails of metal; steel wire; stoppers of metal; chains of metal; locks of metal for

vehicles; rings of common metal for keys; tool boxes of metal; tool boxes of metal, empty; containers of metal for compressed gas or liquid air; safes, electronic; badges of metal for vehicles; pulleys of metal, other than for machines; identification bracelets of metal; bells for animals; soldering wire of metal; anchors; wind vanes of metal; tree protectors of metal; monuments of metal; traps for wild animals; statuettes of common metal; iron ores; cable joints of metal, non-electric.

Class 8: Electric hair straightening irons; hand implements for hair curling; electric irons for styling hair; beard trimmers, electric; curling tongs; nail files, electric; manicure sets, electric; fruit segmenters; scissors; vegetable knives; oil filter wrenches; spark plug wrenches; spark plug sockets being hand tools; hand-operated cutting tools; hand-operated riveting tools; ratchet wrenches [hand tools]; socket wrenches [hand tools]; miter vises being hand tools; clamps [hand tools]; clothes irons, electric; stropping instruments; implements for decanting liquids [hand tools]; pickhammers; knives [hand tools]; paring irons; syringes for spraying insecticides; tableware [knives, forks and spoons]; instruments and tools for skinning animals; handles for hand-operated hand tools; harpoons; hobby knives [scalpels]; hand tools, hand-operated; daggers; razors, electric or non-electric; nail clippers, electric or non-electric; depilation appliances, electric and non-electric; laser hair removal apparatus, other than for medical purposes; electric hair cutting scissors; hair clippers, electric; electric razors; electric eyelash curlers; scraping tools [hand tools]; cutting tools [hand tools]; rubber mallets.

Class 16: Albums; tracing patterns; note books; diagrams; paper; atlases; wall maps; books; periodicals; paper for use in the manufacture of loudspeaker diaphragms; pictures; toilet paper; drawing instruments; advertisement boards of paper or cardboard; shopping bags of paper or plastic; staples for offices; name badges [office requisites]; stamp-pad inks [print oil]; ink; stamps [seals]; steel pens; gummed tape [stationery]; drawing materials; typewriters; terrestrial globes; modelling clay; cardboard tubes; tailors' chalk; mezuzah parchments.

Class 17: Anti-glare films for windows [tinted films]; filtering materials of semi-processed foams of plastic; filtering materials of semi-processed films of plastic; tinted anti-glare plastic film for use on windows; rubber material for recapping tyres; junctions, not of metal, for pipes; sew-on tags of rubber for clothing; connecting hoses for vehicle fuel injectors; connecting hose for vehicle radiators; floating anti-pollution barriers; expanded closed-cell foam rubber for sound attenuation; insulating materials; waterproof packings; brake lining materials, partly processed; rubber, raw or semi-worked; tinted plastic films for use on vehicle windows.

Class 20: Mattresses; tables; furniture; dustbins, not of metal, other than for household purposes; work benches; mirrors [looking glasses]; fans for personal use, non-electric; works of art made of resin; numberplates, not of metal; decorations of plastic for foodstuffs; beds for household pets; identification bracelets, not of metal; coffins; table tops; neck cushions; locks, not of metal, for vehicles; gas holding bladders.

Class 21: Cosmetic utensils; appliances for removing make-up, electric; indoor aquaria; thermally insulated containers for food; insulating flasks; non-electric vessels of metal for making ices and iced beverages; portable cool boxes, non-electric; insulating flasks; shoe polishers; mills for household purposes, hand-operated; shaker bottles sold empty; services [dishes]; stew-pans; bowls [basins]; table plates; jugs; lint removers, electric or non-electric; glass for vehicle windows [semi-finished product]; pet feeding bowls, automatic; plug-in diffusers for mosquito repellents; electric devices for attracting and killing insects; kitchen utensils; containers for household or kitchen use; cooking pots, not-electric; sweepers; car washing mitts; drinking bottles for sports; cups; glass flasks [containers]; vacuum cups; ceramics for household purposes; tea services [tableware]; drinking cups; daily use ceramics, namely basins, bowls, plates, pots, tableware, vases, jars and cans; electric hair combs; electric combs; shoe brushes; electric brushes, except parts of machines; china ornaments; works of art made of glass; toothbrushes, electric; heads for electric toothbrushes; water apparatus for cleaning teeth and gums; valet trays [receptacles for small objects] for household purposes; perfume burners, electric and non-electric; pill organizers for personal use; automatic opening and closing trash cans for household purposes; aromatic oil diffusers, other than reed diffusers; floss for dental purposes; material for brush-making.

Class 22: Sails; tow ropes for cars; nets; vehicle covers, not fitted; dust sheets; tents; bottle envelopes of straw; body bags; padding materials, not of rubber, plastics, paper or cardboard; textile fibers.

Class 27: Mats; straw mats; rugs; carpets for vehicles; floor mats for vehicles; automobile carpets; floor coverings; non-slip mats; gymnasium mats; bath mats; artificial turf; gymnastic mats; door mats; floor mats of rubber; floor mats; linoleum floor coverings; carpet underlay; wallpaper; wall coverings of paper; wall hangings, not of textile.

Class 35: Advertising; organization of exhibitions and trade fairs for commercial or advertising purposes; providing business information via a web site; business management and enterprise

organization consultancy; marketing studies; marketing; provision of an online marketplace for buyers and sellers of goods and services; sales promotion for others; import-export agency services; updating and maintenance of data in computer databases; development of marketing concepts; marketing through product placement for others in virtual environments; personnel management consultancy; systemization of information into computer databases; accounting; rental of cash registers; rental of vending machines; sponsorship search; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 36: Accident insurance underwriting; financing relating to automobiles; online banking; lease-purchase of land vehicles; art appraisal; real estate agencies; financial customs brokerage services; surety services; charitable fund raising; trusteeship; lending against security.

Class 40: Sandblasting services; key cutting; applying finishes to textiles; woodworking; paper finishing; stripping finishes; tinting of car windows; firing pottery; food and drink preservation; dressmaking; printing; exhaust gas treatment; air purification; water treating; framing of works of art; engraving; custom manufacturing of orthodontic appliances; cryopreservation services; production of renewable green energy; production of energy; rental of generators; rental of boilers; custom 3D printing for others; rental of batteries; processing of medicinal materials; contact lens tinting; fuel processing; processing of chemical reagents; molding of plastic materials; cutting of gemstones; gas processing services; processing of rubber; rental of chemical processing machines; petroleum refining; paint mixing services; mixing lubricants for third parties; rental of tobacco processing machines; custom manufacturing of wigs; custom manufacture of computers for others; encapsulation of semiconductors for others; processing of semiconductor wafers; stone treating; processing of silicone; processing of concrete; processing of epoxy resin; custom manufacture of dentures; custom manufacturing of cosmetics; urea synthesis treatment; custom manufacture of jewellery for others; blending of crude oil and synthetic oils; custom manufacture of cremation urn; custom manufacture of car covers; custom manufacture of cases for mobile phones; custom manufacture of oriental hair pins; reproduction of museum artwork; custom manufacturing of locks; custom manufacturing of semiconductor circuits; custom biomanufacturing of pharmaceuticals; carbon capture; rental of printers for use with computers; custom manufacturing of chips [integrated circuits] for others; custom manufacturing of moulds for use in industry; custom manufacturing of yachts; custom manufacturing of boats; custom manufacturing of aircraft.

Class 41: Distribution of video tapes; publication of texts, other

than publicity texts; publication of books; providing online images, not downloadable; entertainment services provided in virtual environments; personal trainer services [fitness training]; toy rental; rental of humanoid robots having communication and learning functions for entertaining people; providing online virtual guided tours; providing museum facilities; conducting guided tours; providing online music, not downloadable; animal training; providing television programmes, not downloadable, via video-on-demand services; entertainment services; providing online videos, not downloadable; modelling for artists; organization of lotteries; rental of indoor aquaria; organization of prize draws; providing playgrounds for pets; academies [education]; correspondence courses; educational services; instruction services; educational examination; arranging and conducting of workshops [training]; multimedia library services; arranging and conducting of colloquiums; arranging and conducting of congresses.

(511) Goods/Services: Class 7: Packaging machines; potters' wheels; engraving machines; cord making machines; mechanized livestock feeders; incubators for eggs; hair cutting machines for animals; woodworking machines; papermaking machines; washing installations for vehicles; filtering machines; curtain drawing devices, electrically operated; labellers [machines]; shoe polishers, electric; racket stringing machines; kitchen machines, electric; dishwashing machines; coffee grinders, other than hand-operated; washing machines [laundry]; wringing machines for laundry; bioreactors for use in manufacturing biopharmaceuticals; embossing machines; glass-working machines; electromechanical machines for chemical industry; extractors for mines; cutters [machines]; drilling rigs, floating or non-floating; excavators; pneumatic jacks; electric hammers; foundry machines; steam engines; igniting devices for internal combustion engines; wind turbines; industrial robots; screwdrivers, electric; hand-held tools, other than hand-operated;

semiconductor manufacturing machines; machines for generating gas by electrolysis; vending machines; robotic exoskeleton suits, other than for medical purposes; drums [parts of machines]; 3D printers; 3D bioprinters; fluid dispensing machines for industrial use; 3D printing pens; ticket vending machines; electroplating machines; aerating pumps for aquaria; Agricultural machines; painting machines; dynamos; filters for cleaning cooling air, for engines; pumps [parts of machines, engines or motors]; valves [parts of machines]; compressed air machines; control mechanisms for machines, engines or motors; bearings [parts of machines]; belts for machines; electric welding apparatus; machines and apparatus for cleaning, electric; vacuum cleaners; dust exhausting installations for cleaning purposes; steam mops; dyeing machines; printing machines; industrial inkjet printing machines; spinning machines; juice extractors, electric; food preparation machines, electromechanical; bread cutting machines; robotic arms for preparing beverages; cigarette machines for industrial purposes; leather-working machines; sewing machines; bicycle assembling machines.

Class 9: Smartglasses; tablet computers; notebook computers; computer game software, downloadable; counters; computer network routers; wearable activity trackers; television apparatus; camcorders; smart speakers; materials for electricity mains [wires, cables]; semiconductors; chips [integrated circuits]; amplifiers; piezoelectric sensors; humanoid robots with artificial intelligence for preparing beverages; humanoid robots with artificial intelligence for use in household cleaning and laundry; dog whistles; egg-candlers; sports whistles; decorative magnets; apparatus to check stamping mail; point-of-sale [POS] terminals; mechanisms for coin-operated apparatus; voting machines; hemline markers; holograms; dictating machines; biometric scanners; ticket dispensing terminals, electronic; photocopiers [photographic, electrostatic, thermic]; bathroom scales; measures; electronic notice boards; cell phones; intercommunication apparatus; navigation apparatus for vehicles [on-board computers]; chargers for cell phones; slides [photography]; sunglasses for pets; electrified fences; headphones; humanoid robots having communication and learning functions for assisting and entertaining people; dashboard cameras; video projectors; automatic indicators of low pressure in vehicle tires; cameras [photography]; surveying apparatus and instruments; air analysis apparatus; connected bracelets [measuring instruments]; teaching robots; inductors [electricity]; humanoid robots with artificial intelligence for use in scientific research; material testing instruments and machines; optical apparatus and instruments; controllers for servo motors; video screens; lightning rods; remote control apparatus; optical fibres [light conducting filaments]; electric apparatus for commutation; Ionization apparatus not for the treatment of air or water; fire extinguishing

apparatus; radiological apparatus for industrial purposes; protection devices for personal use against accidents; alarms; locks, electric; eyeglasses; battery chargers; charging stations for electric vehicles; batteries, electric; Downloadable application software for virtual environments; computer programs, downloadable; user-programmable humanoid robots, not configured; computer software applications, downloadable; smartwatches; computer peripheral devices.

Class 11: Cooking stoves; cooking apparatus and installations; lava rocks for use in barbecue grills; refrigerators; ice machines and apparatus; air conditioning installations; air purifying apparatus and machines; extractor hoods for kitchens; fans [air-conditioning]; gas lamps; kettles, electric; coffee machines, electric; air fryers; humidifiers; hair driers; heating apparatus; fog machines; faucets; heating installations; watering installations, automatic; heaters for baths; showers; sanitary apparatus and installations; disinfectant apparatus; water purifying apparatus and machines; water softening apparatus and installations; filters for drinking water; radiators, electric; gas lighters; polymerisation installations; personal cooling packs, not for medical purposes; lamps; lighting apparatus and installations; lights for vehicles; germicidal lamps for purifying air; curing lamps, not for medical purposes.

Class 12: Rolling stock for railways; autonomous cars; automobiles; bicycles; self-balancing scooters; push scooters [vehicles]; pumps for bicycle tyres; aerial conveyors; carts; sleighs [vehicles]; tires for vehicle wheels; repair outfits for inner tubes; air vehicles; water vehicles; upholstery for vehicles; safety seats for children, for vehicles; air pumps [vehicle accessories]; vehicles for locomotion by land, air, water or rail; remote control vehicles, other than toys; electric vehicles.

Class 35: Online advertising on a computer network; advertising; presentation of goods on communication media, for retail purposes; providing business information; marketing; provision of an online marketplace for buyers and sellers of goods and services; sales promotion for others; personnel management consultancy; compilation of information into computer databases; accounting; sponsorship search; rental of sales stands; rental of vending machines; rental of cash registers; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies.

Class 38: Wireless broadcasting; message sending; videoconferencing services; streaming of data; providing online forums; computer aided transmission of messages and images; providing access to databases; providing user access to a global computer network [service providers]; providing internet

chatrooms; transmission of digital files.

Class 42: Dress designing; monitoring of computer system operation by remote access; software as a service [SaaS]; providing online non-downloadable computer software; computer software design; electronic data storage; platform as a service [PaaS]; providing virtual computer systems through cloud computing; conversion of data or documents from physical to electronic media; interior design; Research in the field of artificial intelligence technology; technological research; quality control; providing online geographic maps, not downloadable; chemical research; biological research; meteorological information; vehicle roadworthiness testing; industrial design; authenticating works of art; cartography services; rental of telescopes; handwriting analysis [graphology]; testing and analysis of goods being imported or exported for quarantine clearance purposes; logo design services; cloud seeding; rental of scientific microscopes; graphic arts design; rental of meters for the recording of energy consumption.

(511) Goods/Services:	Class 9: Computer hardware; downloadable computer software for cloud infrastructure management and automation and accessing cloud-based scalable computing resources and data storage; downloadable computer software for virtualization, managing and deploying virtual machines to a cloud computing platform, cloud computing, running cloud computing based applications, and monitoring cloud and application performance; downloadable computer software for accessing and operating cloud computing networks and applications; downloadable communications software for connecting computer network users and global computer networks; downloadable computer software for data processing, data transfer, and data backup, recovery and archiving; downloadable computer software for creating, configuring, provisioning, managing and scaling databases; downloadable computer software for application and database integration; downloadable computer software for video streaming; downloadable game and game engine software; downloadable computer software to manage, connect, and operate internet of things (IOT) electronic devices; downloadable computer software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; downloadable computer software development tools; downloadable software development kits (SDK); downloadable computer software for application development, testing, deployment and management; downloadable computer software featuring artificial intelligence (AI) and large language models (LLMs) for integrated	

development software, use in an integrated development environment (IDE), for automating test-driven development (TDD), code reviews, and documentation generation, and for software development productivity tools; downloadable chatbot software for simulating conversations; downloadable computer software featuring artificial intelligence (AI) for software development, computer programming, use as an application programming interface (API), building, training and deploying machine learning (ML) models, building and scaling generative AI applications, industrial machine monitoring and report-generation, machine learning, robotic functions, computer vision, natural language processing, facial, image and speech recognition, processing, and analysis, home automation, workflow automation, cybersecurity, fraud detection, generating personalized recommendations, enabling virtual assistants and chatbots, use as a search engine, database management, language translation, medical diagnosis, scientific research, managing and verifying financial transactions, creating and analyzing financial models, document processing and text editing, transportation and logistics solutions, gaming, music and sound production, analytics, data analysis, advertising, digital content creation, automating business processes and decision-making, supply chain management, research in the field of pharmaceuticals and life sciences, healthcare and medication services, scheduling and appointments, point-of-care services, business administration, and planning, allocating, and deploying energy and utilities; downloadable or recorded computer software for the transmission of data, information, voice, graphics, sound, and video; downloadable computer software for operating, installing, testing, diagnosing, and managing telecommunications equipment and accessing telecommunications networks; broadband wireless equipment, namely, telecommunications base stations for wireless networking and communications applications; downloadable computer software for use in data management using blockchain technology; downloadable or recorded operating system software for robots; downloadable or recorded software for connecting, operating, integrating, controlling, and managing robots and autonomous vehicles; downloadable or recorded computer software for edge computing and local storage and execution of software and data enabling local operability when disconnected from the cloud; cameras; camera systems for deep learning, machine learning, artificial intelligence, neural networks, and machine vision; semiconductors; integrated circuits; computer chips; computer central processing units; circuit boards; electronic circuit cards; integrated circuit modules.

Class 42: Cloud hosting provider services; hosting of digital content on the Internet; cloud hosting of electronic databases and virtual computing environments; server hosting; hosting

computer software applications and databases of others; computer services, namely, hosting, managing, provisioning, scaling, administering, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up cloud computing environments for others; hosting, managing, developing, analyzing, and maintaining applications, software, and websites in the fields of ecommerce, online payments, order queuing, website design, data storage and shared computing capacity scaling services; computer time sharing services; providing virtual computer systems, virtual computer environments through cloud computing, virtual data storage and caching to others, and providing electronic data storage in virtual environments, electronic storage of files, providing web servers and co-location servers to third party cloud computing and data storage facilities; scaling services, namely, providing variable computing and electronic data storage capacity to others; administering and maintaining virtual computing environments for others; computer software rental; planning, design and implementation of computer technologies for others; database design and development; software design, development, research, maintenance, and updating; software engineering services; software configuration management services; data and application migration services; data mining services; data backup and data restoration services; remote online backup of computer data; data encryption and decryption services; data warehousing; electronic data storage; cross platform conversion of digital content into other forms of digital content; digital compression of computer data; technical support services, namely, troubleshooting of computer software problems; computer services, namely, monitoring the web sites of others to improve their scalability and performance; computer services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; providing online non-downloadable communications software for connecting computer network users and global computer networks; providing online non-downloadable software for monitoring, tracking, logging, analyzing, auditing and reporting in the field of regulatory and information security compliance, and for monitoring, tracking, logging and analyzing computer network events, user activity, changes to resource activity and security statistics, computer network management and automation, monitoring computer network access and activity, network access monitoring, network threat detection, network security, cryptography, and user cryptography computing environment; providing temporary use of online non-downloadable cloud computing software for use in the field of IT governance and risk management; providing authentication services via online non downloadable software for establishing and transmitting security credentials for domain name services; computer services, namely, unauthorized user and unauthorized

software intrusion detection and protection; monitoring of computer systems and databases for security purposes in the nature of protecting data and information from unauthorized access; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity in the nature of protecting data and information from unauthorized access; computer services, namely, web traffic filtering; providing search engines for obtaining data via communications networks; creating indexes of computer network based information, sites, and other resources available on global computer networks for others; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); computer services, namely, creating an on-line community for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services in the field of technology, artificial intelligence, machine learning, and cloud computing; research and development in the fields of robotics software and applications, artificial intelligence, artificial intelligence technology, machine learning and deep learning; consulting and providing information in the fields of information technology, cloud computing, web services, software, artificial intelligence, artificial intelligence technology, machine learning, deep learning, software development, game development, database design and development and analytics, data storage, data centers, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); technical consulting in the field of artificial intelligence (AI) software customization; technology services, namely, technological consulting, information technology consulting, computer technology consulting and computer software consulting all in the fields of deep learning, machine learning, artificial intelligence, neural networks and machine vision; providing online non-downloadable software development tools; providing online non-downloadable software for managing data containers and data clusters; providing online non-downloadable software for managing, connecting, and operating internet of things (IOT) electronic devices and enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high level services in the cloud, application development, testing, deployment and management; providing on-line non-downloadable software featuring artificial intelligence (AI) and large language models (LLMs) for integrated development software, use in an integrated

development environment (IDE), for automating test-driven development (TDD), code reviews, and documentation generation, and for software development productivity tools; computer project management services; providing online non-downloadable software for project management, collaboration, and scheduling; providing online non-downloadable computer software for the transmission of data, information, voice, graphics, sound, and video; providing online non-downloadable computer software for operating, installing, testing, diagnosing, and managing telecommunications equipment and accessing telecommunications networks; providing online non-downloadable software development tools for creating blockchain-based applications; customizing, maintaining, and updating computer software used by others to develop blockchain-based software applications; hosting of blockchain databases; authentication of data using blockchain technology; providing online non-downloadable software for recognizing, identifying, searching, processing, analyzing, understanding, summarizing, formatting, editing, extracting, and generating speech, voice, audio, text, conversations, computer code, graphics, images, and videos, facial and optical character recognition, converting text to speech, and image analysis, identification, processing, conversion, cropping, resizing, and enhancement; providing online non-downloadable software for processing, converting, transcoding, encoding, decoding, encrypting, decrypting, distributing, and manipulating digital video, image, and audio files; providing online non-downloadable software for video streaming and for high speed formatting and processing of audio and video streams, deploying live and on demand video content, provisioning and dynamically scaling video processing, delivery, and storage services, inserting and removing advertising and other content into video streams, digital rights management, and time shifted television viewing; providing online non-downloadable software for processing and generating text, voice, images, videos, and computer code in response to natural language prompts, visual prompts, text, speech, images, and/or video, for natural language recognition, processing, analysis, understanding, and generation, for speech recognition, translation, transcription, and translating speech and text from one language to another, and for using and creating generative AI models; providing online non-downloadable software for desktop and application streaming, virtualization, managing, and deploying virtual machines to a cloud computing platform, running cloud computing based applications, monitoring cloud and application performance, event logging, reporting, analysis, and alert generation; providing online non-downloadable software for data processing, data warehousing, data protection, data security, data transfer and migration, data backup, recovery and archiving, and collecting, editing, formatting, modifying, organizing, structuring, systematizing,

indexing, processing, synchronizing, integrating, monitoring, transmitting, storing, caching, retrieving, querying, analyzing, replicating, extracting, sharing, and controlling access to data and information; providing online non-downloadable computer software for accessing and operating cloud computing networks and applications; providing online non-downloadable software for database management, creating, configuring, provisioning and scaling databases, improving database performance, logging changes within a database, searching databases, creating searchable databases of information and data, and configuring, provisioning, and scaling data cache storage for databases; providing online non-downloadable software for application and database integration; providing online non-downloadable software for operating and managing call centers and contact centers and providing customer service and customer support; providing online non-downloadable software for customer relationship management (CRM); providing online non-downloadable chatbot software for simulating conversations; providing online non-downloadable software for managing software development projects and teams; providing online non-downloadable software consisting of foundational AI models, namely, large artificial intelligence models trained on a large quantity of data; providing online non-downloadable software for use in machine learning and collecting, analyzing, and organizing data in the fields of deep learning, big data analysis, and cloud infrastructure management and automation; providing online non-downloadable software, namely, computer software featuring artificial intelligence (AI) for software development, computer programming, use as an application programming interface (API), building, training and deploying machine learning (ML) models, building and scaling generative AI applications, industrial machine monitoring and report-generation, machine learning, robotic functions, computer vision, natural language processing, facial, image, and speech recognition, home automation, workflow automation, cybersecurity, fraud detection, generating personalized recommendations, enabling virtual assistants and chatbots, use as a search engine, database management, language translation, medical diagnosis, scientific research, managing and verifying financial transactions, creating and analyzing financial models, document processing and text editing, transportation and logistics solutions, gaming, music and sound production, analytics, data analysis, advertising, digital content creation, automating business processes and decision-making, implementing multi-agent systems, workflow management, supply chain management, research in the field of pharmaceuticals and life sciences, healthcare and medication services, scheduling and appointments, point-of-care services, business administration, and planning, allocating, and deploying energy and utilities; providing online non-downloadable game and game engine

software; providing online non-downloadable ecommerce software to allow users to perform electronic business transactions via a global computer network; providing online non-downloadable software that automates the processing of unstructured, semi-structured, and structured information and data stored on computer networks and the Internet, provides real time, integrated business management intelligence by combining information from various databases, and provides access to cloud based scalable computing resources and data storage; providing online non-downloadable business analytics software for collecting and analyzing data to facilitate business decision-making; programming of computer software for others; consulting services in the field of quantum computing; research in the field of quantum computing; providing online non-downloadable computer software for connecting, operating, integrating, controlling, and managing robots and autonomous vehicles; evaluating and testing the environmental qualities and impact of products and services; scientific research relating to the impact of products and services; leasing of data center facilities; evaluation of the knowledge, skills and abilities of others in the field of technology, software, cloud computing, artificial intelligence, and machine learning to determine conformity with certification standards; design of semiconductors, integrated circuits, computer chips and central processing units for others.
